### **Overview:**

Liturgy Lines are short 500-word essays on liturgical topics written by Elizabeth Harrington, The Liturgical Commission's education officer. They have been published every week in *The Catholic Leader* since 1999.

They may be reproduced by parishes for private non-commercial use, provided that the copyright line is retained.

These short essays could be used to educate staff and students about the principles, structures and planning of liturgy. (see page 34 of the Guidelines for the Religious Life of the School ).
