

TTT Vision

TTT is: TALENT, TREASURE AND TIME.

Giving our talent, our treasure or our time for the common good is called: Philanthropy.

The common good is something that benefits everyone.

We work for the common good when we:

- help to reduce poverty.
- cut pollution in the local stream.
- support the victims of natural disaster – e.g. bushfire or flood.

We are involved in TTT.

Why are we doing this? What do we hope to achieve? What is our vision?

For example:

“We are doing TTT because we want every student in the school to have the opportunity to use their talents, treasures and time for the common good. We know that by working together we can:

- make a difference
- feel proud of our achievements
- make our community proud of us.”
